9. Criteria for admission to the programme

Students accepted to study the Foundation Year should have an equivalent of 80-200 UCAS entry points. All candidates should possess at least grade C in GCSE Maths and English language, or equivalent.

International students who have not been taught in the English medium must show evidence of proven ability in English such as TOEFL grade 550 or IELTS grade 6.0. The University provides pre-sessional English language courses throughout the year for candidates who do not meet the English requirements.

The equivalence of qualifications from outside UK will be determined according to NARIC guidelines.

We accredit prior experiential learning and welcome mature applicants with suitable life skills and work experience. University policies supporting students with disabilities apply, as described in the University Regulations.

10. Aim and purpose of the programme The programme aims to provide students with the knowledge and skills necessary for them to pursue a career in financial services, corporate finance, and investment and fund management. In addition to developing analytical and quantitative skills, a significant emphasis is placed on enhancing students' capacity to communicate concepts, arguments and empirical findings effectively.

Alternatively students can opt for 2 smaller placements over the two first years of the programme including the summers between their years of study (Thin Sandwich Mode).

A dedicated Employability Advisor helps in the search for an employer who will provide the student with an appropriate placement. S/he will also provide students with guidance and support in preparation for, as well as during and after the placement.

The placement forms the basis for an assessed report based on the organisation.

At the start of the placement students are allocated an individual supervisor who provides support and advice for the duration of the project. All projects are double marked.
